RESPIRATORY THERAPY LICENSURE BOARD
MEETING

Boise, Idaho
Thursday, March 28, 2002

PARTICIPATING:

The meeting was called to order at 9:14 a.m. by Chairman S. Lande Lambert, RT, Twin Falls. Participating were Gary Aiman, RT, Rexburg; Stacy Bennett, Middleton; and Duane Holladay, Boise. Also present were Mary Leonard, associate director; Cathleen Morgan, attorney for the board; and Jodi Adcock, office specialist II.

MINUTES:

The minutes of the November 14, 2001 meeting were approved. Unless otherwise noted, all actions were taken on motions duly made and adopted unanimously.

BUSINESS:

The Respiratory Therapy Licensure Board (hereinafter RTL Board) welcomed new RTL Board public members Stacy Bennett and Duane Holladay.

In accordance with Idaho Code, section 67-2345 (b), (d) and (f), the Board moved to go into Executive Session at 9:30AM. (Motion-Aiman, Affirmed-Unan.)

The Board informed new board members on ongoing issues with applicants and respiratory therapy statutes.

The Board left executive session at 9:44 AM. (Motion-Bennett, Affirmed Unan.)

Upon deliberation and discussion in open session, The Board voted that applicant requiring a follow up interview at the fall meeting should be sent a reminder letter.

Upon deliberation and discussion the RTL Board acted to have a letter sent to P. Morgan regarding polysomnographers doing C-PAP, restating the original decision made regarding C-PAP at the RTL Board's October 28, 1998 meeting. In that meeting the following was decided:

"The board reviewed a position paper from the American Sleep Disorders Association regarding unlicensed technologists performing polysomnography testing which includes the use of CPAP. The Board determined that the use of CPAP constitutes the practice of respiratory care and would require a

respiratory care license."

Upon deliberation and discussion, the Respiratory Therapy Licensure Board requested that the Board of medicine newsletter and web site restate the October 1998 decision regarding C-PAP.

The meeting was adjourned at 10:41 a.m.
